The highest standard for music education

Free Treble Clef Flash Cards!

Congratulations!

Now you have your very own set of *Treble Clef Flashcards!* The Sayre Series™ offers these cards to students, teachers, and parents for free!*

For best results, print these four pages on card stock or heavy bond paper. To ensure that each flashcard is the same size, choose “print to actual size” when printing. (Do not choose “fit to page” and do not print double sided.) Once you’ve printed the pages, simply cut along the dotted lines to make your own set of treble clef flash cards!

Answers are in tiny print on the front of each card. Write these answers on the back of the cards for easy practice with friends, family, and teachers. I wish you good luck, but you don’t really need it—with a little effort and practice, you’re going to know all of the treble clef notes in no time! Enjoy learning!

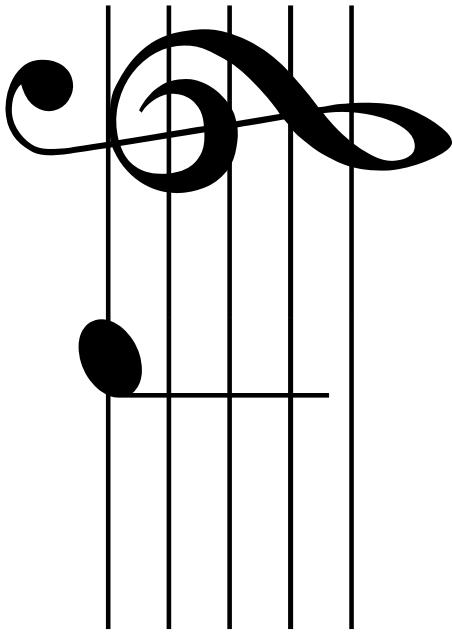

All the best,

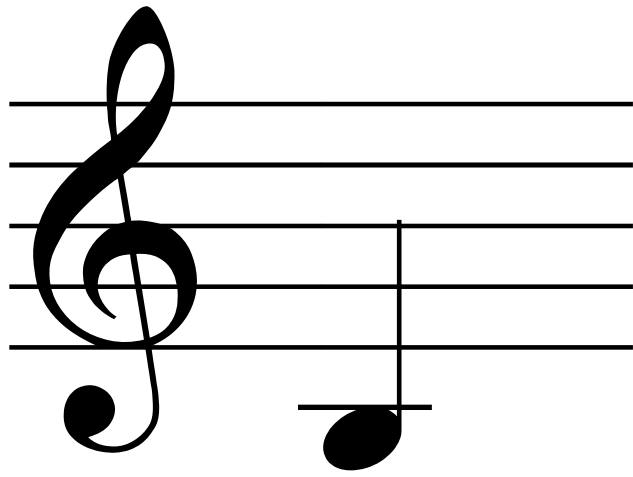

Author, The Sayre Series™
